

9R PRODUCT OVERVIEW

ASCEND designers focused on creating an all-round play boat for smaller adults and youth alike, delivering entry level stability and maneuverability in a 9-foot recreational kayak. It is a great balance for the recreational paddler who wants a sit on top design with a taller seating system without all the weight. The 9R Sport is a lightweight rotomolded boat with advanced ergonomic design. Molded-in drink holders and side pockets provide lots of stowage for

Tunnel Hull Design: Recreational purpose custom crafted hull design delivers stability in flatter calm waters recommended for smaller adults 5'10" and youth alike. Primary and secondary stability are the lowest rating of the ASCEND lineup due to the watercraft's size and high seat profile.

Adjustable Seating System: A simple removable seating system has four point adjustment for multiple support options and closed cell foam delivering all day comfort.

Mold-in Storage Trays and Drink Holders: Deep molded, self draining port and starboard draining holders and storage trays provide convenient access for drinks and various types of gear.

Paddle Holders: Recessed molded parallel channels allow for temporary placement of the paddle.

drinks and snacks. The four strap adjustable seat features comfortable 1" thick neoprene over closed cell foam which provides comfortable support for all day adventures. The short length and light weight makes the 9R Sport easy to transport, portage, and store. The price makes the entire package a great overall value. From the rugged rotational molded design to the use of high density material used in the molding process, paddlers will have years of enjoyment.

Weathertight Deck Plate Storage: Provides excellent storage for small items such as your wallet and keys. Secondary waterproof cases are recommended to ensure a great day on the water.

Handles: Molded-over rubber grip bow handle and a molded stern handle make transporting the kayak a simple process.

Scupper Drains: Eight 1.5" (3.81cm) self-draining, molded thru-hull scuppers. (DOES NOT include scupper plugs)

Drain Plug: Threaded, sealed drain plug allows you to easily drain excess water from the boat.
